

Evaluation Template Year 11 into 12 A Level Dance Induction Template

TASK 2:

- The aim of this evaluation is to see how you can analyse work and make judgement on your choices, justifying yourself in order to make a point.
- Just like in English A Level, Dance works with a Point, Evidence, Explain and Link process to ensure that when being critical / making a point you can organise specific evidence to justify your answers.
- This task will allow us to allocate support, if necessary, at the beginning of the course in order for you to reach your full potential.
