

June 2023

Ref: LFR/KMN

Dear Family

Year 11 Destination Survey

You will shortly receive two forms:

- One from CCIS this will come from an email ending in @prospects.co.uk. It may arrive at your spam box so please keep an eye on this over the next few days.
- The second is found below and managed by the Academy.
<https://forms.office.com/e/nNcacRA644>

It is extremely important that both forms are completed. The Department for Education places a statutory duty on the Academy and local authority of Sandwell to monitor your child's progress through the next phase of their education. In completing the form, you give us permission to monitor your child's progress for 3 years, helping them to ensure they remain in education or training, and supporting their progress onto post-18 study programmes.

In practice we are very unlikely to make contact with your child following their successful enrolment post-16, however, without your consent through the completion of these forms, we are unable to offer support if your child were to fall out of full-time education or training.

Yours sincerely

Mr L Fletcher
Head of KS5

Mr D Irish
Principal
