Task

At the end of the course, you will prepare and deliver a 15–20-minute performance to an audience, where you make all the creative choices. Based on the theme of 'Exploration', consider what your performance will look and feel like.

Consider:

- The songs you will perform
- How your performance will be staged
- What you will wear
- Who your target audience will be
- How you will link it to the theme of 'exploration'.

If you are considering studying Music next year, then these are activities that you should seriously consider completing over the next few months to prepare yourself.

The activities are divided into:

Essential - suggested as good preparation for the course.

Recommended - suggested to support the essential activities for the course

Optional - suggested to support wider learning around the subject; you are expected to do this independently.
