Dear Family

### Arrangements for Year 11

As you will be aware, we are now well into the GCSE examination season. We are writing to inform you of the continued arrangements we have made to support your child with the rest of their examinations. It is important to stress that your child has not yet completed all their examinations.

We therefore expect them to continue attending school in full uniform, where they will work alongside their teachers to prepare for their remaining papers.

During May half term there are some study support sessions that are being held and the Heads of these Subjects areas have selected students who they feel will benefit most from attending. Please check on Arbor under clubs to see if your child is invited for these sessions and allow consent for them to attend. The timetable for sessions over half term is shared below:

#### May half term (for selected students only)

Date/Time	Subject
Thursday 28 <sup>th</sup> May- 9:30-12:00	Maths
	Music
Friday 29 <sup>th</sup> May – 9:30-12:00	History
	Science

When students return from the May half term break, we have created a timetable which allows them to attend some booster/revision lessons for the remaining exams. Some of these sessions will take place during normal school hours and we will also continue with the after-school study support and morning 8:00am boosters.

Please ensure your child takes full advantage of these excellent learning opportunities to support them during the exam season. Please see the timetable on the next page for this information.
