Dear Family

**Year 10 Mock Examinations
June 2026**

Your child in Year 10 is fast approaching their first set of mock examinations. It is an opportunity to put into practise all their learning that has taken place over their GCSE courses. The mock examinations for their core subjects English, Mathematics and Science will start week beginning Monday, 22 June.

Key Information:

- These examinations are extremely important; they provide information about strengths and weaknesses, topics that need to be revisited and crucially checking the accuracy of setting and tiers of examination.
- This will also help to inform staff with data to provide predicted grades that are required for sixth form applications.
- Your child will also be completing assessments in their other GCSE subjects before the week of the core mock examinations.
- Subject teachers will provide this information to your child.
- You will be able to find a copy of the core subject mock examination timetable on your Arbor account. Students will also be given a printed copy.

As half term draws near, I would encourage you to devise a revision plan with your child which encompasses both time for revision and time for relaxation. Attached is a template that can be used to help plan a revision schedule. Paper copies of this template can be provided on request.

Please be assured that at Shireland we care for all our students and really do want them to succeed. We will ensure that for all students, the correct motivation, curriculum content and delivery, and inspiration are in place to support them on their journey.

Yours sincerely

Mr T Reade
Senior Teacher

Mr T Daly
Principal
