

May 2026

Ref: ARE/ACR

Dear Family

**Year 12 A Level Mock Examinations
June 2026**

If your child currently studies A Level subjects, they will be completing mock examinations in June. These examinations begin week beginning Monday, 22 June. They will only be taking these examinations in their A Level subjects.

Your child is aware of these examinations and has been working towards them during lesson time and through work set to complete out of lessons.

Key Information:

- Full details for your child's mock examination timetable will be found in your Arbor account.
- Your child will also be given an electronic copy of the timetable. Please go through with them the dates of their examinations, the location and their seat number. Knowing this information will make the examination period less stressful for them.
- Morning examinations will start at 8.45am.
- For afternoon (pm) examinations students will start entering the hall at 12.50pm.
- To accommodate the pm start time, they will go to lunch at 12.20pm.
- At the end of examinations in the afternoon students will leave the Academy site and no study support sessions will take place during the mock examination period.

It is vital that your child prepares well for these examinations. As it will allow their subject teachers to focus on the areas that they need to improve in order to pass these qualifications.

Please be assured that at Shireland we care for all our students and really do want them to succeed. We will ensure that for all students, the correct motivation, curriculum content and delivery, and inspiration are in place to support them on their journey.

Yours sincerely

Mr T Reade
Senior Teacher

Mr T Daly
Principal
